

Potential lost

IT is extremely disappointing that priceless waterfront land on Kangaroo Bay has been squandered and sold off to overseas interests by our council and State Government without regard for its intrinsic value. The potential for sensitive redevelopment to create an attractive inclusive open space to be enjoyed by the community has been lost. It is staggering that Clarence City Council failed to recognise this potential and remains adamant that building an over-size hotel and hospitality training school-cum-apartment block right on our city's waterfront is visionary.
